Qualified Dividends are eligible for a reduced tax rate and are reported in Box 1b on Form 1099-DIV. Ordinary Dividends reported in Box 1a include amounts distributed as Qualified Dividends. If the funds distribution is not 100% qualified, Box 1a will be greater than Box 1b and the difference will be taxed at your ordinary tax rate. If your entity is classified as a C-Corporation under the Internal Revenue Code, you may qualify for the 70% corporate Dividend Received Deduction (DRD), which allows you to deduct a portion of the income dividends (including short-term capital gain distributions but not long-term gain distributions) you received from Six Circles U.S. Unconstrained Equity Fund during 2024.

You may wish to consult your tax advisor regarding the particulars of your situation as they relate to DRD and the proper treatment of the information provided.

The foreign taxes paid represent taxes incurred by the Fund on income received by the Fund from foreign sources. Foreign taxes paid may be included in taxable income with an offsetting deduction from gross income or may be taken as a credit for taxes paid to foreign governments. You should consult your tax advisor regarding the appropriate treatment of foreign taxes paid.

Tax-exempt interest distributions are reported in Box 11 on Form 1099-DIV. The amount shown in Box 11 on Form 1099-DIV should be reported on your Federal income tax return on IRS Form 1040 or Form 1040A. Amounts reported in Box 11 on Form 1099-DIV are NOT subject to Federal income tax.

The law varies in each state as to whether and what percentage of dividend income attributable to Federal obligations is exempt from state income tax. We recommend that you consult with your tax advisor to determine if any portion of the dividends you received is exempt from state income taxes.
